

HISTORIC WAGNER FARM PRESENTS

# COMMUNITY SUPPORTED AGRICUTLURE

Join for the freshest, locally-grown,  
seasonal vegetables and fruits.

## CSA Basics

CSA stands for **Community Supported Agriculture**. It is a fun, economical way to buy local, fresh produce while supporting your local farm and our youth educational opportunities. As a member, you will receive different varieties of produce each week from the end of June through the beginning of October.

# WHO

Wagner staff farmers, student farmers, volunteers, and agricultural interns plant, grow, and harvest the food for your CSA. Much of the planning, planting, growing, harvesting, and packing is done by students. It is opportunity for them to experience the work that goes into food production and to learn agricultural skills.

# WHAT

We grow over 100 different varieties of fruits and vegetables on the farm. For \$500 for the whole season you can get 15 baskets of fresh, locally grown produce. CSA members also have the option of adding our farm fresh eggs to their produce share for only \$6/dozen!

# WHERE

You will pick up your CSA each week during the 15 week season at Wagner Farm's Heritage Center, located at 1510 Wagner Road. Pickup days are Tuesdays and Fridays from 3-5pm.

## AS A CSA MEMBER...

you are agreeing to share in the bounty and the potential loss of our farms market crops. We promise to do our best to provide you with a plentiful share each week. The quality and quantity of produce may vary due to extreme weather, insects, or other factors despite our best efforts. Refunds are not given for crop failure. If we experience a bountiful year, you will receive more in your baskets. The first and last baskets will likely be lighter as we start up and close down harvest.

## OUR GROWING PRACTICES...

We have gone through Produce Safety training to comply with current regulations. We try to stick with organic practices as much as we can, but we are not a certified organic farm. We do try to limit any pesticide use, but if it comes down to the bugs winning, we may spray that particular crop in order to save it. Feel free to ask us about our farming techniques and feel free to come visit, see the produce growing and tour the garden. We love hearing your input about your baskets and the creative ways you find to use all of the produce.

## COMMUNICATING WITH US...

As a CSA member you will receive a frequent communication from us regarding your CSA share, including a weekly newsletter featuring recipes and other information for you each week.

We encourage you to reach out to us if you have any questions comments or concerns, below are our email addresses to communicate directly with us.

Blake Lanphier - Farm Manager - [blake.lanphier@glenviewparks.org](mailto:blake.lanphier@glenviewparks.org)

Karen Peditto - Produce Coordinator - [karen.peditto@glenviewparks.org](mailto:karen.peditto@glenviewparks.org)

## READY TO SIGN UP?

We are so happy to have you as a CSA customer this year!

Registration takes place on our website. Simply [click here](#) or scan the QR code below to sign up! **Registration begins March 20th, 2025.**

There you will choose which day you will pick up your share, add on your egg share, and pay the \$500. Then get ready to receive your first basket of goodies. We will confirm your membership and remind you of the first pick up date by email. We hope you enjoy your produce and thank you for supporting the staff, volunteers, and student farmers who devote their time to this project.
